Grievances

Whenever a member of the BCFDI has a grievance against either the association, its Board of Directors, or a Director individually, due to an official act or failure to act, that member shall submit the grievance in writing, citing the applicable Bylaw, to the Board of Directors. The Board of Directors shall convene at their next regular meeting as a grievance committee to determine the correctness of the grievance. The complaining members shall present all pertinent data or evidence on the matter, and may attend in person.

The BCFDI Board shall make their determination, and recommendations for the solution of such grievance, if necessary. The complaining member shall be notified of such decision within ten (10) days of such decision. She/he may present any new data or evidence concerning the matter to the BCFDI Board together with any new witness she/he may have. The BCFDI Board of Directors shall hear this review and again make such determination and solution, if any as necessary. **The decision of the Board of Directors will Be Final.**

Nominations

To be eligible for the Futurity, the horse must NEVER have competed in ANY barrel race, including AQHA shows, play days, novice horse events, derbies, rodeos, etc. prior to November 15 of the previous year. To do so will forfeit any and all fees paid and eliminated from the Futurity.

- D. The rules of this Incentive Program will extend to riders, owners, trainers and other connections while they are representing the nominated horse at any event endorsed by the BCBFDI. The Board can deny or revoke the membership of any person who the Board believes may be detrimental to the Association or the animals, people or events, and goals it strives to promote or for any other reason which the Board, within its discretion, may deem appropriate. This decision by the Board is final and not subject to appeal.
- E. Members of the Association may be admitted, retained, suspended, and expelled in accordance with such rules and as the Board of Directors may from time to time adopt.

Pay only 1 hole in each division if less than 6 entries with 60/40 split

Calculating the 2D Split:

1. “Drop” the runs with a penalty or no time, and sort the qualified runs in order from fastest to slowest, If an even number of clean runs, then the split is exactly halfway (10 clean runs would be 1D top 5, 2D bottom 5) or, if an odd number, the larger number goes in the 2D (11 clean runs would be 1D top 5, 2D bottom 6). On the Charlie Horse program, you have the Futurity and Derby set up as 2D. Then, after the results are inputted, you calculate where the split should start by numbers (6th place in the examples above).

Subtract the 1D winning time from the 2D starting time (*see below) and put that difference into the 'D' increments and payout overrides under the 2D column next to Futurity or Derby (whichever you are calculating). Example: 10 clean runs - fastest time is 17.0 – 5 horses place in the 1D, the 6th Fastest time is 18.5 – Starts the 2D – 5 horses place in the 2D Subtract 17.0 from 18.5 – the split is 1.5 seconds Futurity and Derby results are submitted via:
